

CKS Kitchens & Design Launches Exclusive Line of Italian Cabinets

Local Company Introduces Pedini, the Only European Line Available in the Carolinas

Durham, N.C. –October 10, 2007– CKS Kitchens & Design, a nationally recognized custom cabinet design studio and manufacturer, has been named the exclusive Eastern North Carolina dealer of Pedini, the only European line of high-end cabinets available in the Carolinas.

Known throughout the world for its innovative design and Italian craftsmanship, Pedini has been one of Italy's top kitchen manufacturers for over 30 years. Pedini selected CKS Kitchens & Design to represent its brand in the Triangle, Triad and the coastal region of North Carolina.

“Pedini is a brand with a long-standing reputation for incorporating unique and innovative designs with the functionality of a modern kitchen,” said CKS principal Zack Simmons. “We are thrilled to introduce this cutting edge European kitchen design to Eastern North Carolina.”

The Pedini line of cabinets allows for a great deal of customization for the kitchen designer and because the company manufactures its own doors, there is an incredible amount of flexibility in regards to shapes and sizes of cabinets and door/drawer styles. Pedini's standard features include a green box construction that does not absorb humidity, a solid top cover on every cabinet and a rubber dust-seal on every door and drawer opening. Its trademark innovations included concave and convex radius doors that are available in natural wood, high-gloss, matte and textured lacquer. The company also creates cabinetry made entirely of stainless steel inside and out.

“As kitchen designers, we love the beautiful lines and versatility that Pedini offers. As custom cabinet manufacturers, we recognize the quality and level of craftsmanship that Pedini delivers,” said Simmons. “At CKS, we wanted to provide a contemporary line of cabinets that could serve as an alternative to more traditional kitchen designs and Pedini fit the bill.”
